LUXURY MOTORHOME RENTALS

www.allstarcoaches.com

Welcome to Allstar Coaches and the home of America's finest fleet of luxury RV rentals. We offer the nation's largest selection of privately owned, Class A motorhomes, which are available to rent from our regional RV rental and service centers throughout Florida, California, Pennsylvania, New York and New Jersey as well as from our many conveniently located satellite pickup and drop outlets across the United States.

Our collection of late model, well equipped coaches range from 34' to 45' in length and are truly second to none in the industry. Our guests enjoy a rental fleet which is **100% NON SMOKING**, professionally sanitized and maintained to the absolute highest standard.

The Good Life: Now Available on Wheels

Comfortable, well appointed cabins, full gourmet galleys, and state of the art, user friendly technology are just some of the many amenities included with our vehicles. Units also come equipped with multiple slide outs and automatic awnings which nearly double the usable space when extended. In motion tracking or automatic HD satellite with DirecTV as well as wireless internet service is available on most units.

Go Ahead. Keep Your Nickels and Dimes

Unlike the other rental companies out there, we don't believe in nickel and diming our customers to death for items that should already be included with your motorhome rental experience.

Free allotted mileage and unlimited generator usage is always included, and our exclusive Hotel On Wheels™ concept means your vehicle comes well stocked with everything you'll need to get out on the road in total comfort. Kitchen and dining sets, luxury bedding, fresh towels and invigorating ECO Spa bath products are just a few of the amenities included in our complementary hospitality and convenience kits.

Wherever You Go . . . There We Are!

Sure, we provide the very best motorhomes the industry has to offer, and we're very proud of that. However, to us there is so much more to it than simply providing a great RV. At Allstar Coaches it is all about your entire RV experience.

It begins the moment you make your reservation.

Not only will we help you select the perfect vehicle, we can help you plan your trip and give you as much or as little assistance as you like.

While the other guys may just hand you the keys and send you on your way, we choose to make it personal, raise the bar, and take the road less traveled.

When you arrive to pickup your motorhome, one of our trained RV technicians will give you a full orientation and training to walk you through everything you'll need to know to make the most of your trip.

Our tech and road support team is on call and there for you 24 hours a day, 7 days a week and you will be provided a mobile number for you own personal support concierge available to you anytime. Anywhere.

With Allstar, you can rest assured knowing that whatever road you take, we are right there with you.

The ALLSTAR Difference

Allstar Coaches carries only the finest luxury Class A motorhomes which are available for rental across the United States.

No pop ups, no campervans, travel trailers or those infamous C class campers you see "cruising" around America.

From the very beginning, our approach to the business has been to focus exclusively on renting high end motorhomes, providing unparalleled service to ultimately become the very best at it.

Attention to detail, listening to and helping our customers plan their trips; and not overlooking the little things are what really matter and what sets us far above the rest.

Every business is defined by its customers, and we are proud of the fact that nearly 65% of our clientele are either repeat customers or defectors who have had less than stellar experiences with other RV rental providers.

At Allstar Coaches, the only thing that is allowed to surpass the quality of our motorhomes, is our relentless dedication to exceeding expectations and bringing our clients the very best RV rental experience possible.

The
journey
is the
destination
